## Wire Forming

## Heading & Collaring

## Threading Tapping & Knurling

## Swaging & Flattening

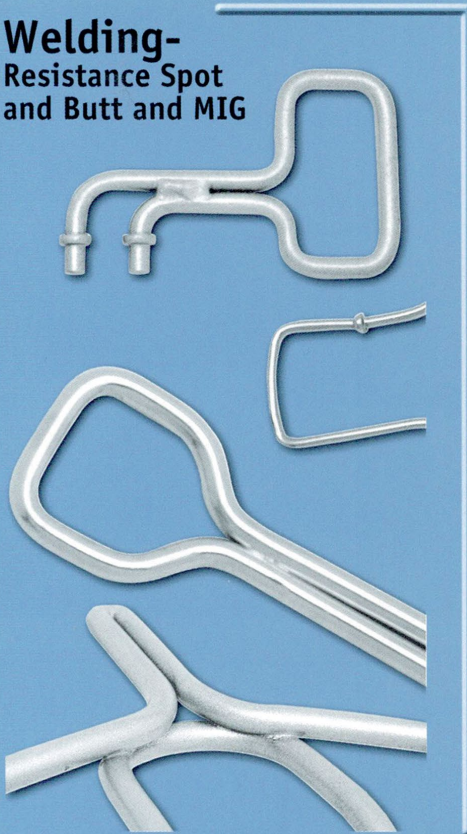

## Piercing & Drilling

## Welding- Resistance Spot and Butt and MIG

## Wire Forming Capabilities

---

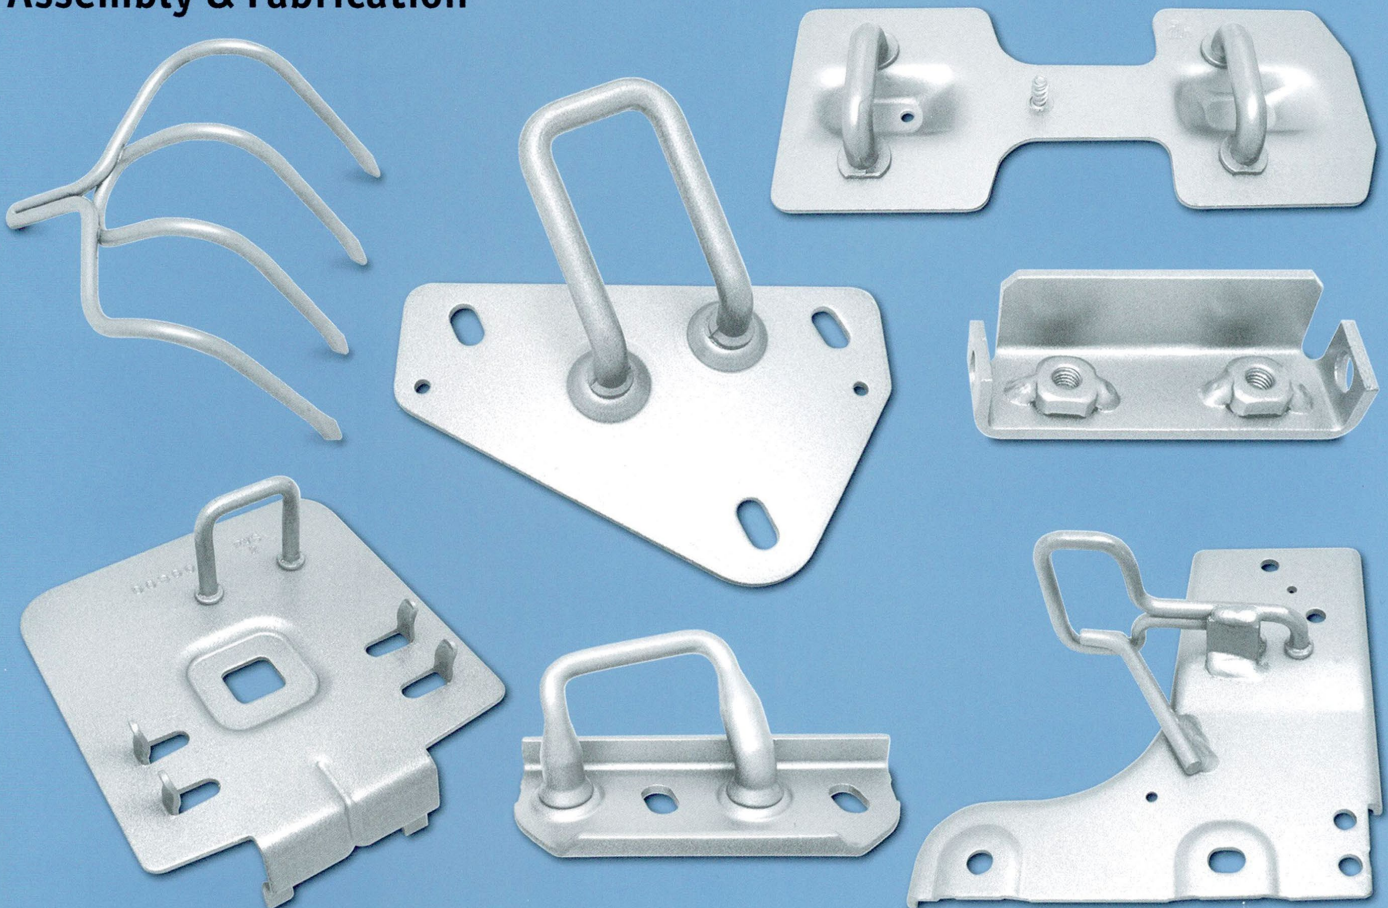

CNC Benders	.062" - .500" (13mm)
Fourslides	.060" - .375" (9.5mm)
Roll Threading	.625" (15.875mm) max.
Presses	600 Tons max.
- Round Wire	1.00" (25.4mm) max.
- Flat Stock	.375" (9.5mm) max.

## Assembly & Fabrication

## WIRE FORMS, METAL STAMPINGS and ASSEMBLIES for today's top OEMs, Tier 1 and Tier 2 Suppliers

Air Compressor Components  
Automotive Battery Bolts  
Heavy Duty Truck Exhaust Hangers  
Automotive Seat Wires & Assemblies  
RV / Awning Torsion Rods  
Automotive Striker Wires & Isofixes  
Commercial Lighting Guards & Hanging Kits  
Golf / Utility Cart Shift & Brake Rods  
Industrial Air Filtration (Tension Assemblies)  
Industrial Paint & Coating Hangers  
Lawn and Garden Equipment  
Decorative Plant Holders and Accessories  
Livestock Feed & Pen Hardware  
Heavy Duty Grab Handles  
Concrete Refractory Anchors  
Yard Sign Frames / Stakes  
Pole-Line Equipment Hangers  
Hinge Wires

### WIRE FORMING & METAL STAMPING

- CNC & FOURSLIDE
- PROGRESSIVE DIE FORM
- Round Wire up to 1.25" diameter
- Flat Stock 22ga. up .375" thickness

### SECONDARY PROCESSES

- Flatten & Curling
- Swaging & Trimming
- Drilling & Piercing
- Cold Heading & Collaring
- Threading & Tapping & Knurling
- Welding (Resistance - Spot & Butt / MIG)

### ASSEMBLIES

- Welded
- Mechanical
- Packaging
